To my best "locker buddy"  
We're almost done with

I did have a lot of fun

Hi! I'm glad we met this year because it has been great. Even if you laugh at I still think you're a great friend. Have a nice summer.

Patti,

REVERSED!

Another year down. I can't believe we're going to be seniors. It seems just like yesterday we were busting over Mr. Mullen, overflowing toilets, smoking cigarettes, going down to boiler rooms, and a few other things that are too numerous to write. I'm trying to think of some really humorous things that have occurred this year and 3 things come to mind - Chris, Tom, & Jeff. Oh, boy. I'm funny. I guess I'll start at the beginning of the year. September - band. October - band. November - Thanksgiving. December - your b-day, & the infamous Christmas Party. I don't care what Andy says, my cake was delicious. Even if it was boogie-woogie. Wheat, wheat! Barley! Ahh!! January - basketball games & a few dances. February - my b-day. Sue's scotty dog welcome plaque. March - nothing. April - band practice. May - Montreal. Okay. now we have something to discuss. People, people who need people. "It's broken!!" Miss Noddy - what a woman. Lets all pee on a wall. Andy - need I say more. The boy needs help. Either that or sex. I want a picture of the group. Damn it!! Good job Patti, poor water over Tom and gt my clothes soaked. Lets dance on the beds w no clothes on, I mean w parities on. You bloated, party wearing bitch. I love cold showers. I don't walk on foreign floors!" I want to grow up to be a weird guy on a subway in Montreal, etc. I'm sure there's more to write but I am drawing a blank. Prom - what?, t-t,

*We, the class of 1988, in choosing the person to whom we would like to dedicate this book, decided upon the one person whom we felt had expressed the enthusiasm, benevolence, and pride towards the school in which he represented. This man gave us his ideas, his opinions . . . he gave us himself. He directed his attention to each question, to each thought, to each one of us; his advice was accepted with gratitude-his wisdom known. He is truly deserving of our esteem and for these reasons, Mr. Harold R. Koepka, we dedicate this, The 1988 Harborian to you.*

## Class Of '88 - Not The Only Grads

How well do you know our principal

Mr. Harold Koepka, originally from Trafford, PA has been with us since the beginning of June, 1977. A Trafford High graduate, he was active in football, basketball, yearbook work, as well as the varsity club. Mr. Koepka later attended Duquesne, Edinboro and Pittsburg Universities and PA State College, mainly on a full scholarship.

Mr. Koepka claims the weirdest thing he has ever done is

kick at a bonfire at the age of four, only to have his pants catch fire to leave a large scar that he still carries. His favorite piece of advice is to just "be yourself". He also feels if he were to promote world peace, he would have everyone hold hands because, "you break down one's defenses when you're touching them". In his spare time, our Sr. High principal enjoys golf, pool, and garden-

work. If he had more time he would travel around the United States, especially throughout the state of Alaska.

Our present principal started out like most youngsters his age by delivering newspapers. In his high school yearbook, it was predicted that he would go on to become a high school sports coach. He claims he never would have predicted himself

to become either a principal or the proud father of three daughters, both of which he is. Although happy with the course of his life, if he could, he would go back in time to meet some of the famous men and women who shaped history.

**We, the 1988 Harborian do formally dedicate the 1988 yearbook to Mr. Harold Koepka in honor of his retirement.**

# Dare To Be . . . . .

Each person in this school possesses a certain unique characteristic that sets him apart from the rest of the crowd and makes him different from everyone else. But, what exactly is different? Formally defined it means out of the ordinary and unusual. Each stu-

dent has one property which makes him extraordinary; each "team" has its individualism to be a success and our school has successfully challenged the opportunity to build a close-knit family which cannot be found anywhere except in high school. Harbor Creek has

taught us that it's okay to be different even though together we're striving for a common goal . . . success after graduation and throughout our entire lives.

This is the dare we are accepting. Do we dare as individuals to attempt to survive in the

"real" world? To dare means to possess the courage to undertake a given task; and, just as we've grown and become different throughout our years, we dare to accept the fact that being different is inevitable and is experienced by everyone.

## Be Unique

Often in life, we grow to recognize someone as our mentor, and we have a different type of person we idolize. Some people may want to be like their favorite rock star, president, athlete; or maybe they just want to be the average family person. It doesn't matter which it is you want to be, be-

cause each is unique. Each is unusual in it's own way. We must continue to be like those people; otherwise, our world would be very monotonous. Individuals with incentive, those who dare to be different, can be seen everywhere, every day.

# Different

Whether it's a teacher with an odd tie, a senior with bleach blonde hair, or a couple with the same hairstyle, these are the characteristics that we remember. These are the characteristics that make them out of the ordinary.

Finally, in the years to come, it will be those who marched to the beat of a different drummer that we will remember. Deep down we will always respect those

who dared to accept the challenge of becoming unique individuals, unlike anyone else in the entire world. So to all of those who continue to follow the cliché and monotonous... we challenge you to LET LOOSE and

## Midnight "Masquerade" a success

In celebration of the Homecoming victory this year, the dance was held on Saturday, October 17, 1987. The extravagant decorations, silver harlequin masks, large black castles, and black and purple stream-

ers created the ambience of "Midnight Masquerade," with music provided by Special Forces. The Homecoming Court and their escorts were: Stacey Hulick and Mike Nero, Connie Kester and Matt Koster, Heath-

er Pepicello and Scott Peterman, Stephanie Szklenski and Jon Reuter, and Karen Tyler and Mark Sallot. After weeks of anticipation, the new queen was crowned: The lucky winner being Karen Tyler. This year's

Homecoming definitely dared to dazzle and provided a wonderful evening for all in attendance !!!

# A Beautiful Evening

## Prom is a time to remember

For all those in attendance, the junior/senior prom was certainly a magical night that will be remembered always. Working under the theme "This is the Time to Remember," a former Billy Joel hit, the eleventh grade class planned for the May 16 formal. "All of the hard work really paid off" remarked one Junior classperson. Jerry Lee, now graduated, commented, "the music was excellent," referring to the group Special Forces who served as disc jockeys at the beautifully decorat-

ed event. Dancing below a "tent" of wide baby blue and pink streamers that spanned the cafeteria, the girls and their dates could do nothing but enjoy the evening. All too soon, the moment arrived when the 1987 Prom Court and escorts paraded through a balloon-covered tunnel into the cafeteria-transformed dancehall, while Junior Class President Craig Zarzeczny presented each member. Finally to the clicking of cameras and cheers of

Leading the dance to the theme song "These are the Times," the court glides across the dance floor

# Barn Dancin' Slappin' Good Time

Variety show fun for all

Over the years, it has been tradition to hold a Variety Show each year. This is a favorable time for students to either gather with friends or dare to bravely stand alone and display their talents.

These special gifts have ranged from singing and dance, to comedy acts, to

bicycle tricks. They always prove to be entertaining and also give students a chance to find talents that many have been hidden within. It is an opportune time to realize that performing in front of people isn't as terrifying as believed. Surprisingly enough, some may even discover it to be quite fun.

# A Different Day

A break from monotony

For each person in the school, there is at least one moment throughout the year that he or she says "I'm gonna' do something different". As you look at these two pages that we devoted to capturing a sampling of these particular moments on film, the Harborian encourages you to remember all of the times when you **DARED TO BE DIFFERENT!!**

# Beginning

Often forgotten by the Sr. High, the Jr. High is not only a place on the opposite side of the school, it is the intermediate step between the elementary and Sr. High schools, and as each holiday draws near, the Jr. High student council organizes several fun activities which are funded by a major magazine sale in the fall. Training Jr. High students to be both participants and fans are the sports events including basketball. Of course, the usual skating and swim parties fill the calendar, too . . . in addition to student council funded assemblies.

# Goblins, Shrieks, And Snowpeople

Halloween not just a dress up day

Sophomore Lori Gemler & longtime friend, Gretchen Vannucci, bewitch a fellow student.

When October 31 rolls around, things change here at Harbor Creek. Strangers and fellow members of the Huskie family may observe students moaning, shrieking, and chattering about Halloween and all the articulate decor that comes with it. Just a few members of our student body chose to disrupt their daily routines to dress in the wildest costumes they could think of.

A few of the elaborate designs were very original. Elaine Overdorff designed her own snowperson, although she did have a little trouble getting through tight aisles in classes; but, she caused a chuckle in many. Keri Sul and Kelly Newport went back in time and dressed as beautiful cave women. Joe Kellerman topped last year's Freddy Krugger with an explicit and terrifying Count Dracula costume. There were also many other creations, not to forget all of the punkers such as Jen Snyder and Chris Bissell. Congratulations should go out to all those students who had enough originality to cause shrieks and grimaces in their fellow Huskies.

## Juniors "dusted" by Seniors

The Harbor Creek football field was alive with spirit on October 19 during the 1987 powderpuff girls' football game. The girls surely showed their winning and competitive spirit.

Sure-handed Katrina Haynes, quarterback for the seniors, did a fantastic job of leading her class and ran the first touchdown of the game for six points. The juniors fought back with Kristen Catrabone carrying the ball for the juniors' six points, followed by Diana Leroux's two-point conversion. Other outstanding juniors included quarterback Marcy Hall who re-

ceived support from Vicky Eidenmuller and Ann Zarzeczny. It was a thrilling finish with the juniors being penalized a whopping thirty yards and Teri Dougan scoring with twenty-five seconds left in the game. Connie Kester amazingly kicked the extra point through the uprights, allowing the seniors to march away with the powder-puff victory.

## Band Amigos honored in rally

On Wednesday, October 14, 1987, the entire student body gathered outside on the bleachers by the football field something new and different was about to take place at old HCHS. It was a pep rally-no, not for the football team-for the band. The purpose was to acknowledge the many hard hours of work the band puts into each of its many performances which includes "Espana Cani", "Enchanted Kingdom", "Mexican Hat Dance", "Don't cry for me Argentina", and "Cordoba". Mr. Baran, director at the Marching Huskies, explained to the student body the manner in which the band competes and is judged. The show was then performed by the more than one-hundred fifty students involved in the band making it the single largest organization in the school.

# Adventures In Foreign Lands

A Harbor Creek senior spends summer in Spain

Below we see one of Betsy's precious moments captured on film: Beth, Nuria, and her Spanish sister Eva.

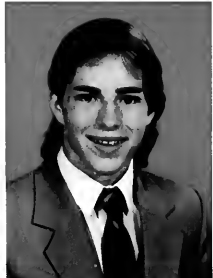

Mr. Muzzi, a former Harbor Creek foreign language teacher, once remarked "they are the most freindly people in the entire world," in reference to the Spanish. This past summer, one of Harbor Creek's own students- Elizabeth Blosser-had the unusual opportunity to visit these friendly people. After a tiring eight hour flight across the Atlantic Ocean, she and 120 other exchange students arrived at the Madrid International Airport, where Betsy first met her host family, with whom she stayed in the city of Mostoles (which is just outside Madrid). Among her many memorable experiences, Betsy recalled the town flood -although fortunately it wasn't destructive,

sight- seeing in Madrid and Toledo, an exciting bullfight, and her Spanish boyfriend, as well as many other friends and relatives. When confronted with the question of what she learned through the experience, she replied, "There are many misconceptions about the countries of the world; if I could, I would want everyone to experience what I did... for if everyone in the world had one friend in another country, the world would be a more peaceful place." Even though she is back in the United States again. She will carry the memories of her Spanish trip and her memories of when SHE DARED TO BE DIFFERENT.

# The Winter Blues Overcome

## What to do on a snow day

"This is the Morning Mayor, Frank Martin, on WJET and what a nasty day it is outside. Rip your knob off and stay tuned for our list of cancellation." When you hear this quote on a blustery, freezing winter day at 6:00 A.M. in the morning, your heart races. You think, "Our school had better be cancelled!" But when Mr. Martin finally reads the cancellations and Harbor Creek High is announced, what do you do?

The majority of our student body jumps right back into bed and pulls those thick covers back up to their chins. You finally get a chance to catch up on

that long awaited and much needed sleep; but, besides this, there are other possibilities.

If you've just gotten out of the shower or have just finished curling your hair, you may not want to go back to sleep. So, some of us grab a bag of potato chips and a two-liter bottle of Pepsi, sit down on the couch in front of the T.V., and catch up on the soaps and game-shows. Maybe the female part of Harbor Creek does this, but the males do something totally different.

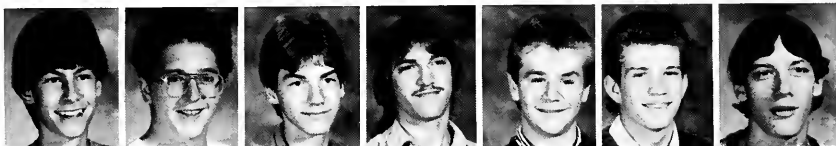

Football in the snow! Many guys would love to spend their

whole day getting slammed into that feathery soft white stuff that fell over night. If this doesn't sound fun, a whole day of hunting just might fill the agenda. With hunting season in progress most guys and maybe some girls wish they could skip school to spend a whole day in the big woods . . . so what better a way to occupy some free time off?

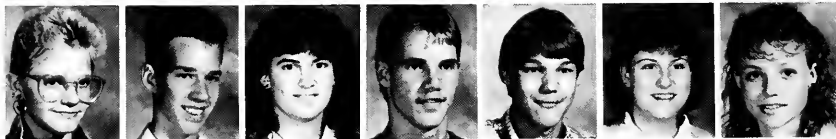

Unfortunately, even that day of fun without tests and teachers may have been just what you wanted, don't forget you'll have to make it up; that make-up day will come all too soon.

# Future Tacklers Take The Field

## But not a Touchdown Season

The 9th grade football team posted a 2-4 record this past season. The Huskies defeated Corry and Fort LeBeauf and fell short to the remaining four teams. Although the Huskies didn't have a winning season all the games were very close, and could have gone either way. This season should prove as a learning experience for the Junior Huskies and will hopefully allow for future improvement.

Something to note, is the increased number of linemen. Also the Huskie defense shined which allowed their opponents very few points.

Leading the offensive game was Denny York, Chad Vogt, Kip Miller, Danny Ring and Jeff

Crawford. The air game was lead by connections from Chad Vogt to Sean Siggins, Chris Curtis and Kip Miller.

Leading the team in tackles were Denny York, Greg Hackenberg, Greg Hooks, Chris Curtis, Jim Walker and Sean Siggins. This team should provide some added strength for next year's Junior Varsity team.

Chad Vogt tries to find running room in a swarm of yellow jackets.

## In Memory Of Spring

A fellow cadet of Harbor Creeks NJROTC unit tragically passed away on November 3, 1987, following a devastating car accident. Fourteen year old Spring M. Holden was a member of the Harbor Creek freshman class.

Funeral services took place on Friday, November 6 at Shiloh Baptist Church with forty ROTC cadets in attendance who do-

nated an American flag to her family in her memory. She will be missed by all.

Following is a poem, written by Mary Lou Page which expresses the feelings concerning Harbor Creek's loss.

Whenever we think of you, we see a bright wide smile; but, now we will see it no more- although in our hearts and minds it will still be alive. Your warm

heart and gentle nature brightened our days. Now that you're gone you will be loved in a very special way. Your time with us may have been short; but, the friendship we received from you will be with us forever. Our lives have been improved and brightened by your involvement in our lives; and, tears roll down our cheeks as we say our final good-byes.

## 8th Grade Football

The 1987-88 eighth grade football team at Harbor Creek pulled off a winning season this year, ending with three wins and two losses. The boys showed outstanding ability for just starting out in the football world, and will continue to show their skills as they move up in grades and teams. The eighth grade boys who participate don't seem to count much as not many fans show up to cheer them on; but, we should remember one thing: these boys are the future huskies that may someday win the ECL and make their school as well as their fellow students proud.

## Future Looks Bright

Girls have high "hoops"

The Junior High girls basketball team produced a season record of 6 wins and 12 losses. Under the coaching of Miss Amy Post, the girls put many hours into the long hard practices.

The team produced many budding stars. Christine Beighley led the team with a season total of 210 rebounds, averaging

11 per game. Monica Abate led the Huskies in steals and assists. Other outstanding players were Stephanie Koscelnik, Tracy Langer, Amy Jeffrey, and Stephanie Burek.

The girls playing ability was constantly improving. The future of the Harbor Creek girls basketball looks very promising for all of next year's teams.

## The first-day experiences of one seventh-grader

I was both excited and apprehensive about going to the Junior High. I knew that I wouldn't know any of the teachers; but, I was comforted in the knowledge that I would know most of the kids who had been with me during my seven years at Rolling Ridge Elementary School. I had already visited the Junior High to find my room and bus assignments, had shopped for new school clothes, and had been practicing getting-up early in the morning.

The first day of school can best be described as organized chaos. I knew my bus number and got on successfully; but,

once I got off, no one told me how to get into the building or up to my homeroom. I was assigned a locker with a lock that was so inoperable that it would have challenged Houdini. I was given a computerized schedule of where and when to go, but not how to get there. I, who have no sense of direction, found myself helping other lost souls find their classrooms. People were following me, thinking that I knew where I was going; when I was more lost than they were!

When I discovered that I had a scheduling problem, I was sent to my homeroom teacher, who sent me to the counselor,

who sent me to back to my homeroom teacher, who then sent to the principal's office. That was the easy part, the hard part was finding the office. When I finally found the office I was assured that I had been told where my study hall was to be; but that I had not been listening or I would know here it was. To prove a point, I was looked up on every one of the computerized enrollment sheets. My name was either crossed-off or it not appear on any of the lists. As far as the computer was concerned, I did not exist. What a day!

I made it through the first day. I made it through the first

week. I think that I'm going to make it through the year with only minor cuts, bruises and abrasions. What have I learned about making the transition from elementary school to junior high? I've learned how not to worry so much about current problems, because there are probably worse ones ahead. I've learned that I may have been lost, but I wasn't alone . . . most of us were lost.

Next year on the first day of school, as eight-graders, we will be watching a new batch of seventh-graders trying to deal with bus assignments, schedules and broken lockers. They, too, shall survive.

# Confetti For Ronzitti

## New French teacher draws students cheers

The newest addition to Harbor Creek's faculty is the French teacher, Miss Victoria Ronzitti. In addition to being the new French teacher, she is also our new cheerleading advisor. An Erie native and graduate from Mercyhurst, Miss Ronzitti received her teaching degree last spring from Edinboro University.

When asked why she chose to teach French, she simply replied, "because I love it!" Even though she teaches French, she has never been to France yet hopes to go there some day in the future.

Miss Ronzitti has a wide range of hobbies including reading,

playing the guitar and piano, and weightlifting. She has had many exciting experiences in her lifetime, among them are mountain climbing up the side of a college dorm, jumping on a moving car, and having her car fall apart on a Florida highway.

When asked for five adjectives that best describe herself, Miss Ronzitti replied, "I'm happy, intelligent, fun-loving, crazy, and modest." Her cheerful attitude and easy going personality make French a very interesting and exciting class. So far she loves teaching at Harbor Creek and is looking forward to many more years here.

the Junior High running smoothly. She has worked at Harbor Creek since 1956. She really enjoys her work and like being with the students.

Mrs. Maille, an Erie native, attended high school at Academy and Harbor Creek. Her first job was as a clerk at Grants' department store. From there, she went on to become a secretary at Central School. While working there, she once had the school newspaper dedicated to her. Then, she became a secretary at Harbor Creek.

In her spare time, Mrs. Maille enjoys camping, reading, and sewing. This year, Mrs. Maille is retiring. Upon her retirement, she plans to do a lot of travel-

ing. She has always wanted to go to Hawaii.

Mrs. Maille's advice to others is, "Do the best that you can." We will all miss her warm smile as we walk into the office. She will not be an easy woman to replace.

Mr. Hess, raised here in Erie, is a graduate of Cathedral Prep. He was always sports oriented, having been involved in basketball, football, and baseball. Even as a youngster, he felt the urge to teach, so he attended Clemson University in South Carolina for two years and finished his remaining two years at Gannon University.

He began his teaching career at East High School for a half of a year and continued to substitute for absent teachers, including here at Harbor Creek. This is his first year as a full time teacher in our school. The courses he instructs include ninth grade general science, a class of Algebra I, and a new science related course for juniors.

On occasion, Mr. Hess enjoys various other activities such as hunting, fishing, or other sports. He said he would someday also like to travel to Australia or perhaps "outwest" to somewhere such as Idaho or Montana. Whatever other free time he

has, he will probably spend with his new wife.

When Mr. Hess was asked for the best advice he could bestow, he said it would be to "keep the faith and don't lose hope, because things usually work out." He also recommends we always do our best to tell the truth because he can't stand liars. He feels it would be a great benefit to the

peace-keeping effort of all of the nations if we would enlarge our foreign exchange student programs and give to the younger generation the chance to pacify the world.

## A New Line Of Business: Mrs. Rogers

A warm welcome to Harbor Creek's new faculty member, Mrs. Rogers. Mrs. Rogers is the new business teacher who is taking over for Mrs. Budziszewski. An Erie native, Mrs. Rogers graduated from McDowell High School and earned her teaching degree at Indiana University of Pennsylvania.

She has three children and loves being a mother. Mrs. Rogers really enjoys watching her children grow up. One thing she has always wanted to do is to

travel with her family especially to Sweden where her ancestors originated.

In her spare time, Mrs. Rogers enjoys reading, crafts, cross-country skiing, and roller skating. She is also taking night classes right now.

Mrs. Rogers describes herself as friendly, happy, busy, and at times, impatient. Among her pet peeves are rudeness and people who don't smile.

# Mentor Of Thirty Years Retires

Mr. Donofrio, a veteran of Harbor Creek for over thirty years, has decided to retire. He claims to love his present job as an art teacher in the Junior High, yet feels it is time to relax and enjoy his Golden Years. His previous jobs include a position at the Pentagon in Washington, D.C. which he received when just out of college and a lucrative sales job featuring a high salary, fringe benefits, and a company car at his disposal. He left this career because the travelling separated him from his wife, whom he dearly cherishes.

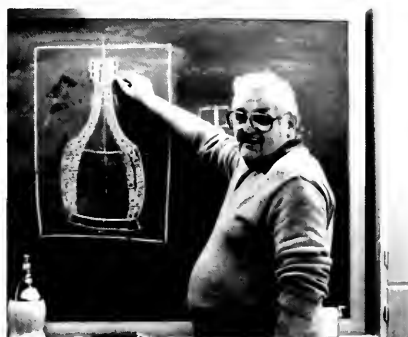

Mr. Donofrio attended school here in Erie. He is a graduate of Strong Vincent High School. He used to devote his time to being a member of the yearbook and newspaper staffs, both for which he did miscellaneous

artwork. Although he may not have felt so back then, he has learned through experience that your educational background will govern your life. He says that we should make the most of our education and follow the advice his father once gave him. He told Mr. Donofrio to do the best you can and that there's nothing you can't accomplish once you set your mind to it.

Peer pressure takes its toll on everyone. Once, Mr. Donofrio, being enlisted in the U.S. Navy during World War II, was challenged to dive off the battleship on which he was stationed. Fearing the respect of his seamates being jeopardized, he did as they bade him, though he was terrified. He won the approval of his peers, yet as he looks back upon the inci-

dent, he wonders if it was really worth it.

Mr. Donofrio owns a small advertising business he occasionally spends time working on after school hours. Also, he enjoys spending time with his two older daughters, and, of course, his wife. He is active in his church, being a Eucharistic Minister of St. Luke's. When he retires, Mr. Donofrio says he would like to do some travelling especially to Bavarian Alps in Austria. He claims to regret nothing in his life except that he didn't enter teaching immediately following college. Finally, he urges us to do as he did, which is to love your family and take an active role in church activities.

## Historic Irony In Administration

Mrs. Novet, a secretary in the administration office, is retiring at the end of this school year. A graduate of our own Harbor Creek High School, she was active on the debating team and was also involved in the production of the senior class play and choral programs. She had always pictured her herself a future high school history teacher, yet, the ironic thing is that instead of her going into teaching, her two children married history teachers. Maybe it just runs in the family.

At the young age of thirteen, Mrs. Novet received a job in a local diner. After graduation, she persued on-the-job training to be a secretary at General Electric. She returned to Harbor Creek in 1973 as one of our administration secretaries and has enjoyed it since.

Now that Mrs. Novet has the spare time, she plans to visit her children more and travel throughout the United States in her own camper. She someday would like to extend her traveling to places like Hawaii or Switzerland. Besides traveling, Mrs. Novet may choose to refinish some furniture, work on various crafts, or devote more time to

singing in her church choir; or perhaps brush up on the square dancing she enjoys on occasion.

Mrs. Novet likes helping us students whenever she can. She advises us to study hard and claims that "there's nothing we can't achieve." When asked what she thinks could be done to promote world peace, Mrs. Novet said we should all "learn to love each other, including our enemies."

## NJROTC the other cadets

This year the Harbor Creek North East NJROTC unit visited Norfolk, Virginia. They left Monday, November 30 at 1:30 p.m. On the first day, they only went to dinner and were put to work in the barracks. First came bunk duty. Everyone was assigned a partner and and was taught how to make them **RIGHT**. If the bunks were, for some reason improperly made, they were stripped and done again. After what seemed to be a long day, the cadets were finally permitted to sleep, although some watched to make sure there wasn't anyone scurrying about.

## Adventure Continues

Not long after the cadets were awake, at 5:00 am, they had an hour to shower, straighten the barracks and prepare their uniform for that day.

Breakfast was served at 6:00 and finished at 7:00. After a hearty meal, the Cadets soon found that "Navy chow" isn't all that bad.

After having this discovery, the Cadets attended the Naval Amphibious Base. There they saw models of U.S. ships that were operated by remote control. Some ships were big enough to live in. After **AIMING HIGH**, everyone felt that this **wasn't just another trip**, but an **adventure**.

## Five sophs make the team

This year there was no HI-Q team at Harbor Creek. Instead, the name for the team was changed to Academic Challenge. The rules for Academic Challenge differed from the traditional HI-Q rules; but, the game was still based on broad trivia.

The coaches for the 1987 Academic Challenge teams were Mr. McQueeney and Mr. Marshall, with team practices held after school on Tuesdays and Thursdays. During these practices, the team went over, and answered a variety of questions. There was even a new

rule made up for baseball during one of the practices: the double triple play. After several weeks of practicing, the team looked forward to its first match versus Cathedral Prep. However, the Academic Challenge team was defeated by the score of 290 to 195. Despite the defeat, the team enjoyed the match very much. Unfortunately they were eliminated in the A.C. Tournament.

The Academic Challenge looks forward to next year's season. With five returning sophmores, the team hopes for a much success!!

## Vo-Tech students learn skills

Vo-Tech students dare to be different by making a career choice as early as 9th grade. While many other students put off such choices until their sophomore year of college these students develop the hand-on skills they were born with. In an ever shifting economic environ-

Underclassmen performed a phenomenal task

Although there were no senior members of the 1987 Boys Track and Field Team, the underclassmen showed outstanding ability. Their record in dual meets was 3-2; but individual efforts in the Invitationals, County Championship, and District 10 showed the skill of the boys team. Doug Lubak led the way with his determination and skill by taking first place for the high jump at the Fairview Invita-

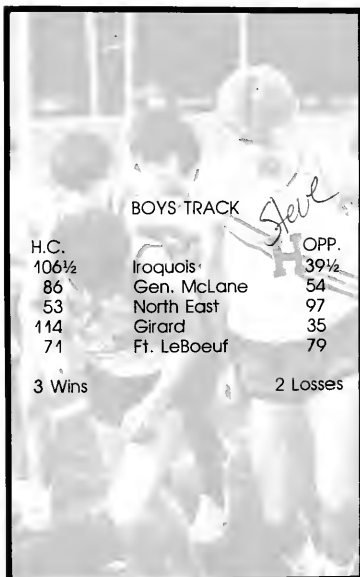

tional, McDowell Invitational, and the County and District 10 Championships. He also broke the county record by jumping a phenomenal 6'4", making his school and team very proud. Along with Doug, other boys placed in the County Championships: John Reuter took second in the 3400 meter run; Ron Peterman took third place in the 300 meter hurdles; and Ron Peterman, Rick Sawtelle, Jason

Cargioli, and Sean Humphreys placed fourth in the 400 meter relay. Sean took fifth in the 100 meter and 200 meter runs, also.

The Harbor Creek coaches, Mr. McDougall and Mr. Dale are very hopeful concerning next year's season. Since all the boys are coming back, they feel Harbor Creek should have a strong team.

Coach McDougall will not be with the boys again next year.

He's been the Harbor Creek coach for thirteen years and will definitely be missed, but he feels it's time for a change. Although the coaching will change, the boys will be returning from last year's team and will hopefully continue to represent Harbor Creek with their stamina and ability in the sport of Track and Field.

## Huskies Tackle A Tough Season And Conquered It With Ease

Although the Huskie victories are due to a total team effort, many of the boys should be recognized for individual accomplishment. For the seniors, Pete Ferguson led the way in rushing. Terry O'Connor had 16 receptions, also making 8 touchdowns. Paul DeAngelo had 3 kickoff returns. Jim Chimera made 35 punts and 5 interceptions. Captain Kruszewski had 7 running back sacs and 4 quarterback sacs, the Huskies other Captain Zarzeczny had 3 quarter back sacs.

The Junior members of the team also did a great job this season. Quarterback, Mike Ku-

jan led they way with 42 completions. Kicker, Rick Sawtelle made 23 kickoffs. Together John Cass and Jason MacQuarrie made 101 tackles.

The team awards were given as follows . . . Most Valuable Offensive Lineman, Bruce Decker, Most Valuable Defensive Lineman, was Kevin Kruszewski. ## The Dirty Dozen . . .

### Make J.V.'s Best in the League

The 1987-88 Junior Varsity Football team did an outstanding job this season. The team was small in number; but, their talent overcame their size, closing with five wins and one loss with two games not being played.

This impressive 5-1 record

was attained with only twelve team members playing every game, these twelve called themselves the "Dirty Dozen."

Many of the guys did not play due to injuries suffered at the beginning of the season; but, their speedy recovery helped them to charge on to victory.

Mike Crawford said, "The Dirty Dozen did a very good job with the few number of players that we had." These boys should be congratulated for their fine performance this year.

## Going The Distance

### Good try guys

This year's cross country team demonstrated dedication and devotion even though they finished without a win. Although their hard work and grueling practices helped prepare the huskies for their upcoming Cross Country season, it wasn't enough to surpass the inexperience of the young team.

Toward the end of the season, Harbor Creek participated in the Rocky Grove Invitational where they demonstrated their

hard work and dedication with some excellent scores. Chris Russel (junior) finished 34d, while Chris Stauffer showed up 41th, out of 75 runners.

The season ended at districts, where senior, captain, Ted Dushole led the team with his 38th place finish. Although next year's cross country is doubtful they feel that if there is a team they will place higher and maybe contend for the ECL Championship.

# An Encouraging Season

## Soccer team goes all out

Determination and hard work paid off for the Husky Booters as the girls soccer team ended a very successful season with a record of 12-4. The experience of five returning seniors, ten returning starters and an unstoppable defense lead by Katrina Haynes, propelled the team to many key victories such as the 1-0 defeat over previously undefeated Villa. The solid defense also set many school records when the Huskies scored 12 goals in a game against Academy. While gaining this remarkable second place finish in their division, the Huskies placed four girls on the the All-County squad. Senior forward, Connie

Kester, and Junior halfback, Julie Kuhar, earned honors on the First Team while Kristen Catrabbone, Junior forward and and Leslie Knepper, Junior foulback joined the Honorable Mention Team. Shelly Kosko also earned team honors after receiving the offensive MVP award and the Army Award. Sophomore Krissy Shannon shared the Defensive MVP with Leslie Knepper. Connie Kester was also voted by her teammates as MVP. With many key positions needing to be filled, next years season may be one of rebuilding although talent and practice should carry the team to a respectable standing.

Offensively the one leader was junior, Jason Cargioli with 14 goals and 18 assists for a total of 32 points. Tending the goal was senior Dominic Conti with 144 saves for a 92% average.

The 1987 junior varsity boys' soccer team finished its season at 3 wins, 2 losses, and 1 tie. Dominating the offensive was sophomore Charlie Miller with 9 goals and 10 assists for a total of 19 points. As goalie, freshman Joe Cattoni had 23 saves. Coach Beringer commented, the boys had a "great beginning." Hopefully, the winning trend will continue for many years to come.

# Girls All "Set" For Next Year

Touch season prepares girls for future matches.

Although this year's volleyball season was not as victorious as the players anticipated, the team worked very hard at practice and during the games. This year's volleyball captains were Karla Hosu and Pam Maker. The team is looking forward to next year as being much more successful. They hope to accomplish this through diligent practice, lots of determination and hard work during next year's games.

The letterwinners this year were as follows: Seniors: Jean Chandley, Karla Hosu, Pam Maker, and Jenny Weber, Juniors: Amy Buziewisz, Lori Grack, and Michelle Hoover, Sophomores: Karla Fitch, Stacy Langer, and Missy Watson, Managers: Missy Benes, and Debbie Mills.

# Hoopsters Net A Winning Season

Shoot short of ECL

This year the Varsity Boys Basketball team had a fairly decent season. Leading the team were senior starters Mike Javon, Craig Zarzeczny, Andy Vargo, Kevin Kruszewski, and juniors Brian Vogel, Mike Kujan, and Matt Palisin. The high scorer for this season was Kevin Kruszewski. The team proved to have a better second half than the first with more victories. Hopefully, next year's team will give the spirit and the dedication to prove a better future.

Mike Kujan goes up for an excellent stuff!

The dribblers spirit is unstoppable, with their 4-0 record, starting the second half of the season.

Zee and Kru are relieved at the good haop.

# Shooting With Huskie Pride

despite the scoreboard

The 1987-88 basketball season proved to be a trying time for the Lady Huskies. Lack of height and consistent shooting tried to demoralize the gals; however, that only seemed to make them work harder. All this dedicated effort seemed worthwhile after a win. Leading the Varsity five were seniors "hot shot" Katrina Haynes and captain Connie Kester, juniors Diana Leroux and Julie Kuhar-

who received Honorable Mention honors last year, and sophomore standout-Missy Watson. Completing the squad were seniors Sara Norder and Debbie Mills. Leading the J.V. Hoopsters were Karla and La-Dawn Slocum. Marcy Hall, Pam Berlin and Krissy Shannon and Dana Vrenna.

The Lady Huskies await the result of the two point shot.

# Tankers Splash To Meet Goals

Hard work pays off

The 1987-88 Harbor Creek Boys' Swim team showed considerable improvement. Led by captains John Schroeck and John Wickles the Huskie tankers splashed to a 7-4 record in their dual meet season. The team placed 3rd at the Iroquois coaches Invitational. District Qualifiers include John Schroeck, John Wickles, Mark Needham, Tom Palisin, Steve Curtis, Bill Bossart. Diving- Gary Salusky, Mike Conti, and Fred Pskorski. Next years season should prove promising as the team has alot of returning underclassman.

The 88 Girls Swim Team tried courageously to beat the odds. The team consisted of few members and most were newcomers, lead by Captains Stacy Woycheck and Missie Zampogna. Many of the younger girls made a great deal of progress, the team will value the experience they gained and the fun they had this year.

## To the H.C. Marching Band

The Harbor Creek Band has a new look with Spanish flair. This year's members were privileged to be the first people to exhibit the new uniforms for the public. Impressive is not the word because the band has always been impressive. A boost of confidence was added and has made this organization unforgettable. Whether it's marching, being peppy, or performing in concerts our band puts in time and effort to maintain the good reputation from all the many previous years.

Many of the talented musicians of the Harbor Creek Band have earned spots in other bands with reputable names. They hold positions in District Band, Ex-Calibers, and All-Erie County McDonald's Band, etc. Many members make up this fine group and will carry on the tradition of making Harbor Creek sound great!

## The Harbor Creek Pep Band?

Not quite . . . more like the outrageous Pep Band! The ultimate, fun-loving masters of weekly fashion of the basketball season. The term "normal" is not in this group's vocabulary. Being led by Stacy Blackmer and Scott Peterman, the pep band continues to jam. Beware-you least expect it but you're bound to encounter these peppy dudes of music. In all seriousness, this group does work to keep their image up. Standards are high, but that's the price they pay for "fame." You know what they say-Dare to be . . . Peppy!!

# A Chorus Ditty

After a changing year

**After a year of changes,** the chorus was hit with many talented students. Senior Districts, which were in Union City, didn't take place without three of our own: Sue Fuller, Marcy Hall, and Mike Widger. This year Harbor Creek also went to Regional Chorus in Meadville. Sue Fuller represented Harbor Creek, while Marcy Hall made first alternate and Mike made third alternate in their sections.

In the Jr. High, four more talented students represented Harbor Creek at the Jr. District in Albion. Laurie Green, Monica Hall, Sara Magee, and Cindi Williams. During the event, Laurie Green was one of ten girls to sing a solo.

Also during the year, the choruses went on several trips: the Ball Pavilion, all three elementary schools and Peek-n-Peak; they sang concerts at school.

## Student Council Returns the student enthusiasm

The 1987-88 Student Council once again had a very successful year. With many eager participants, many things were accomplished. In addition to sponsoring a fun-filled Christmas dance with Mr. Koepka impersonating a jolly Santa Claus,

they had the annual fund raiser in which they sold various items. Another activity sponsored by Student Council was the return of tag and slave days. As usual, the Morp dance was held, too. It was a very busy year.

# Leaders Of Cheer

## A different season

Harbor Creek sure has something to be proud of! Cheerleaders attended a camp this summer where **they placed 2nd overall performance** which qualified them for **National Competition** in Nashville, Tennessee, due to lack of funds they were unable to attend.

It was at this camp that the "famous" what, what (etc.) cheer was learned.

It takes many long and hard hours to become what our Cheerleaders are today. With all the talent and dedication these girls have, they are sure to go far in the future.

The 1988 Varsity Football Cheerleaders are: Heather Smith, Holly Kleiner, Vicky Eidenmueller, Becky McGivern, Sharyn Norder, Daelynn Carr, Karen Tyler, Kirsty Turawski, Carol Klomp, Mel Geig, Erin Scott, Sue Bova

Kirsty Turawski, and our H.C. mascot, alias Diana Leroux, display this season's greatest hoop design.

1988 J.V. Football Cheerleaders Cadets Are front Laurie Morton, Barb Sallot, Jill Dumanski, Back row Lorne Steele, Jenny Koster, Jenny Ewak, back row: Jenny Ebl, Andrea Schultz, and LeAnn Passerofti

The spirit of cheerleaders never ends.

Cheerleading pals, Laurie Morton and Barb Sallot, will last forever.

## The Bigger The Better

It takes two

The 1987 Basketball cheerleaders again proved to be better than last year's squad. They are bigger and better than ever. This year, instead of having ten girls on varsity-there were twelve. This may not seem like a big change; but, it enabled them to perform more difficult and impressive mounts.

Since there was only one new girl on varsity, it helped accomplish cheers and stunts quickly and easily.

There were two big competitions this winter which the girls couldn't attend because of lack of funds.

The 1987 Varsity Basketball cheerleaders are: Front Row: Holly Kleiner, Vicky Eidenmuller, Sue Bova. Second Row: Mel Gerg, Becky McGivern, Erin Scott, Lorrie Steele. Back Row: Karen Tyler, Carol Klomp, Doelynn Carr, Sharyn Norder.

Sue Bova prepares to take a flying leap.

The 1987 Junior Varsity Basketball Cheerleaders are: Front Row: Andrea Schultz, Ann Beard, Jill Dumonski. Second Row: Jenny Eibl, Jenny Koster. Back Row: Lee Ann Passerotti, Jenny Ewiak, Laurie Morton.

Our cheerleaders strut their stuff.

The girls show off one of their favorite mounts . . . Lady Liberty.

The J.V.'s take a breath from the game ritual to let off some excitement.

# Wrestling Cheerleaders

cheer matmen to victory

This year's Wrestling Cheerleading Squad consisted of Captain Stacy Blackmer, Julie Gregorich, Kathy Osborn, Tina Portillo, Dennise Pulvino, Kirsty Turowski, Tracy Montgomery, Stephanie Wright, and Lynette Pulvino. With a new cheering style they had to work longer and harder than ever, but they had a fantastic wrestling team this year as the record indicates.

The cheerleader's were in a competition on February 5 and missed first place by only two points.

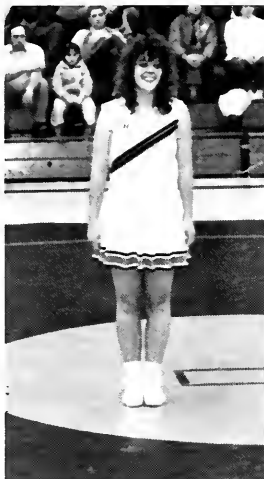

Its not all work and no play. They danced up a storm at their Limbo Dance, partied all night at their slumber party and enjoyed a night out on the town with the wrestlers for dinner at the end of their successful season.

Dennise Pulvino is another cheery face that has to keep up the spirit.

The Wrestling Cheerleaders prepare for the burst of energy from the 12-1 wrestlers.

The spirit of the cheerleaders lead the wrestlers determination to a powerful victory over Northwestern.

Tracy Montgomery and Capt. Stacy Blackmer strive for perfection.

1987-88 Wrestling Cheerleaders: Front row: Julie Gregorich, Kelsey Akerly, Stacy Blackmer, Second row: Kirsty Turowski, Lynette Pulvino, Dennise Pulvino, Kathy Osborn, Third row: Tracy Montgomery, Tina Portillo, and Steph Wright.

Ready go! If all their spirit doesn't get you off your feet, nothing will.

All the basketball rah-rahs prepare to get the crowd going.

J.V. Football cheerleaders psyche the team up for victory.

That cheerleader charm will get you everytime.

# The Ones Who Dared To Make It Different

The place: a cramped, cluttered yearbook room on the second floor.

The scene: screams, pictures not taken or lost, copy sheets that can't be found and layouts that "just don't work."

Stop by the yearbook room sometime and say "Hi" to the devoted staff that can be counted on your left hand.

With a staff numbering so few, and so many revisions, and updated styles taken on the editors, the Harborian workers often wondered whether everything would ever "come together". Obviously, it did. That was the beginning, after time went by, and several staff members were changed and a few more dedicated were added, including: Scott Eaglen, photographer, Jeff Mitchellree and Kim Leri layout and design, Harborian '88 started to look different and upbeat.

Many thanks to those who put up with our short tempers and cranky moods. We hope you learned as much as we did.

Kim Leri and Jeff Mitchellree collaborate ideas to make an excellent layout!

1988 Harborian Editors: Mr. C, Beth Blosser, Stephanie Szklenski, Bridget Hannon, Elaine Overdorff and Sandie Kocher.

Mr. C gives an encouraging piece of advice to all.

Beth Blosser, our photographer, looks at her results.

Matt Kirshner, how come you get to go home so soon?

Stephanie Szklenski wonders if she'll live to see the final product.

The mon behind the camera . . . Scott Eaglen.

Chuck Peters, you better stick to taking the pictures. (Just Kidding)!!

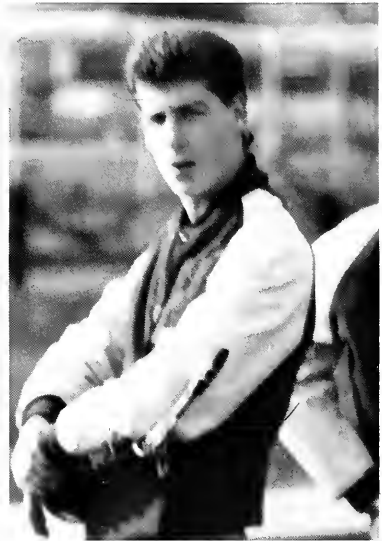

Chris Falk takes a rest from typing, to listen to some new yearbook problems.

Elaine Overdorff is in the business daze.

Yearbook members look for some bright ideas.

Lunch time provides the perfect opportunity to release tension for these Jr. High Students.

Tom Palsin waits intensely for the band practice to begin.

Selene Oslak and Paula Reddinger are the best of friends.

LaDawn Slocum and Missy Watson take a breather during yet another grueling basketball practice.

Mike Guy tries to explain the day's events as Dan Morris scribbles down some notes.

Retrospect 1987: the Junior high spirit award winner, Jeff Carabone and his spirited supporters: Davey Jones, Lance Wisar, Eric Saraceno, and Jim Brunowski.

Patti, Patti, Patti,

we'll chuckle-proch. The year is finally over and not a minute too soon!

I can believe you have to live through another year of this place. We have had many intertwining experiences over the past several years, ones I'll never forget.

Band - Kentucky and wanking to Mr. Data. Still Do, WHOOSH! My My how the time flies soon Montreal appeared. SLAZZAM! Men taking a leave on the wall so discussing. LOMA BUS to Russia. Many hot Band Practices! when you decided to leave the wind would and go to SYMBOLS! CRASH And most importantly our Pass around camp. They're all come and gone. Sure the way you hold the main piece in and slowly take it out! Gets me mad. THE GROUP - we definitely have some winners in there. First of all, Jeff, lose your mouth and don't spit when you talk, Chris - never get into Plom Guts just want \$MONEY\$. "Tom - I don't want to go there, that's stupid, say all you take over to buy. (Lure winning)" I see (\*?! you)

you're hideous in white! "Soul" I'm not standing in my bare feet on hotel floors you'll never know who's been there before!" Patti, I guess there's nothing to fear in when it's us to wild! ha ha that's defaming my reeling. The Christmids party Brindley parties (you know; Tabern) my only friends, up to the marvelous DRAY (The Great White) my Russian Daring away, party, etc. YOU: ME - the dance concert at assembly of God, our winter excursion to see RANDY at church how when we land in a Ditch. Shopping, seeing Dirty Dancing - Mega Man! John Wesley White outside, your

Centara, letting me use your type writer! All these memories have passed will be remembered. And lets make more this summer before I go away. Thanks for making high school so special! You are a very special person who has a lot of love to give. And am glad you gave me some of that in our friendship. Am going to miss you more than words can say, but we will do much! Thanks  
Love you! Judy
